## HOW TO REGISTER FOR SUMMER SESSION:

Registrations are accepted online or in-person at the studio.

**ONLINE METHOD:** To register online, select the “register for classes” link on our website and choose your desired courses from the “SUMMER SESSION 2025” class list. When you submit your registration, you will receive an email back from us indicating that your course selections have been received and they are “pending”. This gives our faculty a chance to review your submission to be sure the requested class is age and level appropriate for your dancer.

If you are submitting your registration form online, payment is required at the time of submission to confirm your spot in class. For payment, we accept MC, Visa, and Discover. Once registered, you will have 24-hour access to your dance account. You can view charges and payments, as well as make payments online at any time. Once the classes are approved your credit/debit card will be charged for your summer courses. Please note that this is a one-time payment and we do not store your card on file for future payments unless you check the box that says “use for recurring billing”. Once payment has been processed your online registration is immediately confirmed and a receipt will be emailed.

**IN-PERSON METHOD:** Register for your classes at the studio to pay by cash, check, or credit card. We have registration forms available, and staff waiting to help if needed. Payment will be due at the time of registration in order to finalize and secure your placement in class. Please note that our Summer Session office hours can vary. Feel free to contact us at [studiofortheivingarts@yahoo.com](mailto:studiofortheivingarts@yahoo.com) to make an appointment time.

**DANCE EDUCATION PROGRAM LEVEL PLACEMENT** All classes are taught with proper terminology, conditioning stretches for flexibility, body awareness for appropriate ages and levels, and creatively challenged in a positive and caring dance environment. We place all children in classes according to skill, ability and improvement, rather than age. Please note: Age reference is merely for “new” student enrollment until instructor has properly observed student's ability. Our goal is to keep each class progressing together at a similar pace while paying attention to the slight mixed level that will naturally arise and change throughout the year.
